APPLICATION NO. 6031.
 Notice of Application for Permission to appropriate the Public Waters of the State of Nevada.
 Notice is hereby given that on the 27th day of March, 1920, in accordance with Section 59, Chapter 59, of the Statutes of 1919, T. H. Chatham and J. J. Vignolo, of Beatty, County of Nye, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Spec. Spring, at a point in the SW 1/4 of SE 1/4, Sec. 19, T. 12 S., R. 48 E., M. D. B. & M., by means of pipe, and one fortieth cubic foot per second is to be conveyed to SW 1/4 of SE 1/4, Sec. 19, T. 12 S., R. 48 E., M. D. B. & M., by means of pipe and troughs and there used for stock watering purposes. Water not to be returned to stream.

JAPAN FACING CRITICAL ERA

(Correspondence Associated Press)
 TOKIO, June 29.—The financial depression and the depreciation of cotton yarn has placed the hosiery manufacturers of Japan in a critical position. Production in nearly all centers has either ceased or been reduced owing to the market prices offered for the manufactured goods and the raising of the money market, which has cut the manufacturers off from their supply of funds.
 Scarcity of exchange funds and the sudden advance of exchange rates consequent upon the depreciation of silver quotations, have helped to kill the export trade. Where the fall in silver prices has seriously affected Asiatic countries, the export of hosiery from Japan has been very seriously hampered with this buying power of the mercantile community coming to a stand still.
 According to official figures issued from Nagoya the financial depression has dealt the severest blow to the hosiery industry in that district. The latest returns from the municipal office show that 115 of the 275 factories in Nagoya have closed their doors and 1,515 of the 7,650 knitting machines are idle. Thousands of operatives are out of employment and the Manufacturers Union has organized a support association for their relief.
 The greater part of the land available for homesteading is arid in character and with little timber. Most of it is suitable for grazing during the major portion of the year, but the water supply is totally inadequate for farming operations.
 Nye county leads with the greatest amount of unappropriated land, having 8,867,383 acres, of which the title still remains with the government, while Elko county runs a close second with 7,621,441 acres, unappropriated. Parts of the forest reserves are opened for settlement from time to time and provide the best land for agricultural purposes. The remainder has little use other than furnishing range for the sheep and cattle ranchers, few of whom own any of the range which is used for grazing.
 The following is still available for homesteading from the land offices:
 From the Carson City office—Churchill county 2,621,017 acres; Clark, 4,657,079; Douglas, 188,526; Esmeralda, 1,986,424; Eureka, 58,272; Humboldt, 6, 6,307,256; Lander, 130,249; Lincoln, 6, 6,307,256; Lyon, 542,358; Mineral, 1,873,842; Nye, 8,867,383; Ormsby, 44,206; Storey, 39,182; Washoe, 2,889,945; White Pine, 9,209.
 From the Elko office—Churchill 1,443,900; Elko, 7,621,441; Eureka, 2,125,218; Humboldt, 1,566,162; Lander, 119,139; Lincoln, 754,966; Nye, 374,412.

55 MILLION ACRES YET UNCLAIMED IN NEVADA

Over Eight Million Acres of Public Land in Nye County Not Taken Up.
UNSURVEYED BY GOVERNMENT
 Nearly All Available Land Arid in Character and Requiring Water.

There are still 55,117,940 acres of public land unappropriated in this state according to figures received from the office of the secretary of the interior at Washington. Of the total, 31,971,550 acres have been surveyed, while 23,146,390 acres are still unsurveyed. Those are now being considered whereby unsurveyed portions will be surveyed within the next year or so.

Two land entry offices have been established in the state one at Carson City, and the other at Elko. The available lands in each district being administered directly from these offices.

The greater part of the land available for homesteading is arid in character and with little timber. Most of it is suitable for grazing during the major portion of the year, but the water supply is totally inadequate for farming operations.

Nye county leads with the greatest amount of unappropriated land, having 8,867,383 acres, of which the title still remains with the government, while Elko county runs a close second with 7,621,441 acres, unappropriated.

Parts of the forest reserves are opened for settlement from time to time and provide the best land for agricultural purposes. The remainder has little use other than furnishing range for the sheep and cattle ranchers, few of whom own any of the range which is used for grazing.

The following is still available for homesteading from the land offices:

From the Carson City office—Churchill county 2,621,017 acres; Clark, 4,657,079; Douglas, 188,526; Esmeralda, 1,986,424; Eureka, 58,272; Humboldt, 6, 6,307,256; Lander, 130,249; Lincoln, 6, 6,307,256; Lyon, 542,358; Mineral, 1,873,842; Nye, 8,867,383; Ormsby, 44,206; Storey, 39,182; Washoe, 2,889,945; White Pine, 9,209.
 From the Elko office—Churchill 1,443,900; Elko, 7,621,441; Eureka, 2,125,218; Humboldt, 1,566,162; Lander, 119,139; Lincoln, 754,966; Nye, 374,412.

PLANT BEAVER ALONG RIVERS

(City Associated Press)
 NEW YORK, July 20.—Definite steps toward formation of a great all-Union of all the garment workers' unions in America have been taken by the International Ladies' Garment Workers' Union.

Benjamin Schlessinger, president of the union, announced today that a call had been sent out for a conference to be held the latter part of October for the purpose of organizing a federation of the 50,000 clothing workers in the several international unions in the clothing and garment industry.

The logic of events and the legitimate causes which have prompted the formation of national departments in the mining, building, printing and other industries point with directness to the identical necessity of forming a similar federation in our industry, said the call sent out by Mr. Schlessinger.

The membership of the following international unions would be represented in such an alliance: United Garment Workers of America; Amalgamated Clothing Workers' International; Journeymen Tailors' Union of America; United Cloth Hat, Cap Makers and Millinery Workers' Union; New York and the International Ladies' Garment Workers. All are affiliated with the American Federation of Labor.

 ALBUQUERQUE, N. M., July 19.—New Mexico's 1920 gold championship will be decided at a tournament at Las Vegas September 4, 5 and 6. A new course is being laid out at Las Vegas for the tourney.

CRAFTS SEEKING NATIONAL UNION

(City Associated Press)
 NEW YORK, July 20.—Profiteering in the women's garment industry will be fought with union owned shops, factories and stores by the International Ladies' Garment Workers' Union.

This became known here today when officials of the union announced that it has a committee at work laying the foundation for the first group of union owned factories, which are expected to be in operation by next spring.

These factories are to be established according to Benjamin Schlessinger, international president, to demonstrate that the workers can be paid first class wages, work less hours and enjoy better working conditions than they are now getting and reap a reasonable profit from their product and still sell it considerably under the regular market price.

The union proposes to sell its output in department stores through their own stores.

(City Associated Press)
 SEATTLE, Wash., July 19.—Two union courts are to be built here on the roof of the Young Women's Christian Association building here. Girl employees of several department stores are organizing tennis teams to compete on the roof courts.
